*Discount is only eligible for events within the CK x LaLa's Theater space.

-Attend Special Field Trips

Each class will have multiple opportunities for field trips including NYC trips, Museum field trips, Broadway / Off-Broadway shows, Regional Theatre productions, movies and more!**

**This is not included in the class registration. An extra charge will be added if you choose to attend said trip.

CLASS DESCRIPTIONS

ACTING

In acting classes, students will discover ways to create truthful storytelling by the use of breath, movement & body. Learning warm ups that they will use for a life time, they will learn to prevent fatigue and be ready for an audition. Between scene study, improv, monologue work, audition prep & character work, students will feel ready for both a professional theatrical production or a feature film! This class is perfect for beginners & intermediate students as well as students whom have performed frequently in off-off Broadway / community theatre productions. This is also a great class for students whom are interested in auditioning for college or conservatory programs. Advanced actors (with 2 or more professional credits) are recommended for our Private Lessons.

MUSICAL THEATRE

In musical theatre, all students will be pushed to the limit within the art of musical theatre. Students will work on solo songs with a focus on how to express themselves through song as well as proper technique & warm up for singing. Students will also have various days of dance training and acting lessons to really encompass what it means to be a Musical Theatre actor.

CREATION OF FILM & THEATRE

The CREATION OF FILM & THEATRE class is an original class created by CK Productions Inc.'s head & lead instructor, Ethan Felizzari. This class discusses the importance of theatre & film in society and how it is created from pre-production to post production in film or initial script creation in theatre! Each student will write, will stage, will film & will learn how to create engaging theatre & film by a producer whom works in the industry daily! Students will also learn some minor stage carpentry & camera work.

PEE-WEE PERFORMERS

Pee-Wee Performers is our most developmental class for young performers ages six and under. They will have a chance to sing, dance and act in a class dedicated to development and fun! Through exciting games, bonding exercises and learning awesome group numbers, this is a class that your children will be excited to come to each week and a class they will learn a lot from!
